Career Profile

As a highly skilled and successful leader with seven years comprehensive experience in software development principles, I possess a wide range of knowledge and skills that allow me to contribute toward the success of projects I undertake. Throughout my career, I have been acknowledged as a solution-focused professional with the ability to design and develop innovative applications using advanced technologies. I have advanced proficiencies in Laravel(PHP), VueJs, Flutter, and excellent customer service skills. I also have a solid foundation in MySQL, PostgreSQL, MongoDB, and Node.JS. My attention to detail, organizational skills and strong communication have allowed me to lead software development teams and ensure the success of each project assigned to me.
